.

We will talk about Disable windows protection

Disable windows security, firewall and smartscreen

• Virus & threat protection settings

View and update Virus & threat protection settings for Microsoft Defender Antivirus.

Real-time protection

Locates and stops malware from installing or running on your device. You can turn off this setting for a short time before it turns back on automatically.

8 Real-time protection is off, leaving your device vulnerable.

Off

Cloud-delivered protection

Provides increased and faster protection with access to the latest protection data in the cloud. Works best with Automatic sample submission turned on.

Cloud-delivered protection is off. Your device may be Dismiss vulnerable.

Off

Automatic sample submission

Send sample files to Microsoft to help protect you and others from potential threats. We'll prompt you if the file we need is likely to contain personal information.

Automatic sample submission is off. Your device may be Dismiss vulnerable.

Off

Reputation-based protection

These settings protect your device from malicious or potentially unwanted apps, files, and websites.

This setting is managed by your administrator.

Check apps and files Microsoft Defender SmartScreen helps protect your device by checking

for unrecognized apps and files from the web.

Off

SmartScreen for Microsoft Edge

Microsoft Defender SmartScreen helps protect your device from malicious sites and downloads.

Off

SmartScreen for Microsoft Store apps

Microsoft Defender SmartScreen protects your device by checking web content that Microsoft Store apps use.

Off

Windows Security

Virus & threat protection
